

Press Release #2. September 2020

Supporting the transition of handicraft teachers and trainers to the Digital Age

About the Project

The aim of **CRAFTS 3.0** is to support the professional development of **handicraft teachers and trainers** in Europe in their transition to the digital age, by improving their teaching competencies on innovative Vocational Education and Training (VET) through ICT-based methods and tools. The project specific objectives are:

- Fill the training gap that exists for ICT-based teaching skills of **handicraft teachers and trainers**
- Define the **knowledge, skills and competences** they need to apply these teaching-learning methods
- Train them to use and design their own **Learning Apps** to be used in their craft training courses
- Teach them how to create and manage their own **e-Learning courses** on specific craft sectors
- Promote **certification and accreditation** policies on innovative teaching learning methods through ICT in VET for craft sectors in Europe

Project Results

IO1. European ECVET Curriculum on ICT-based teaching-learning methods in VET for craft sectors
